Transfer Degrees

The college offers associate degrees for transfer (AD-T) which guarantee graduates admission with junior standing somewhere within the California State University (CSU) system and gives them priority admission consideration to their local CSU campus. These degrees are designed to help students complete faster, and provide a clear pathway to a CSU major and baccalaureate degree.

Career Education Degrees & Certificates

Our career education programs are taught by expert professionals and provide hands-on training while building the comprehensive skill sets needed for success in today's jobs. Career education programs are offered in many areas that employers need, including technical trades, health occupations, business and finance, computer sciences, and many others.

Associate Degrees

Associate degree programs give students the basic technical and academic knowledge and transferable skills they need to go on to employment or further study in their chosen field.
