Please provide any additional comments about your experiences taking classes toward an AA-T degree in Administration of Justice that might help FLC improve the program.

2016-2017

This program was diverse and provided a sense of what is expected in the criminal justice field. However I have found that a greater focus on court procedures and relationship between enforcement and prosecution would prove to be useful.

great professors with great background and helpful information about the different law enforcement options

2017-2018

Classes are very limited in FLC, but the Los Rios community college had several classes that i could have picked from. I attended most of my ADMJ classes at ARC as they had more late night classes as I was working a full time job. I appreciate the opportunity to takes these classes to enhance my knowledge and I had a successful time in FLC. Thank you!

2018-2019

Everything was pretty neat

Have more interactive activities, most classes are very lecture heavy

I've really enjoyed my time at Folsom Lake College. I think a great thing that could improve this program is to offer classes in the summer as well.

my criminal justice classes were highly rewarding and educational as well as fulfilling. XX and XX were amazing!

Is there anything else you would like share about your experience as an FLC student?

it was great, campuses were clean and counselors were great. i liked the value of the community college system compared to a 4 year university csus

The AJ instructors, who possessed real field experience provided a genuine learning environment.

2018-2019

FLC was a great path for me because I didn't know what major I wanted to pursue. All the staff and teachers were super supportive and helpful and my experience at FLC was great!

I loved FLC the most out of all Los Rios campuses I have attended.

I really like the size of the campus. It feels like a close community, and I'm going to miss it when I transfer.
