Additional Feedback

Students were given the opportunity to provide additional comments about their experience in the program and more broadly at FLC. Below are the questions students were asked, along with the comments provided by the students:

Please provide any additional comments about your experiences taking classes toward an AA degree in Studio Art that might help FLC improve the program.

Spring 2016

Many classes I have taken in other Los Rios district schools, such as CRC and SCC. My major is not really Art Studio, but rather Design. You no longer carry this major. I loved the campus, the student body and of course the teachers. They made all the difference.

2016-2017

My degree was actually Art-Design. The school no longer carries this title.

2018-2019

more art summer courses

Is there anything else you would like share about your experience as an FLC student?

Spring 2016

I would encourage everyone to go the extra distance from Elk Grove tatted Folsom Lake College. Loved most teachers because they encouraged me to believe in myself and to continue.

2016-2017

I truly enjoyed Folsom Lake College

I would like to recognize professor xx for being an inspiristion to me. I thoroughly enjoyed all of her classes and am a better artist because of her. I cried on the last day of class with her.

2018-2019

Keep building on the Art department in EDC. Don't treat EDC like the step child! All students at all locations deserve the best that there is to give!

Were there any services or supports offered by the college that were a significant support to the achievement of your academic goals?

Spring 2016

Financial Aid. Thank you.

The vast majority of teachers were my best support and help.

You guys have an awesome counseling staff!

2016-2017

I was not aware of any services or supports within the college.

2018-2019

DSPS

Did you experience any significant barriers to achieving your academic goals?

2016-2017

I would receive different information from different counselors that hindered my understanding and therefore execution of my academic plan.

2018-2019

college counselors who were only going through the motions of helping but were only thinking about their wants to get out of the office!
